**FINDINGS FOR PROJECTS EXEMPT FROM CEQA:**

The Planning Commission finds that the project will not have any significant effect on the environment and is Categorically Exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1—*Existing Facilities*, because the project

involves a minor modification to the operation of the existing development involving negligible expansion of an existing use.

**FINDINGS FOR APPROVAL – CONDITIONAL USE PERMIT NO. 13-001:**

1. Conditional Use Permit No. 13-001 to permit the on-site sale, service, and consumption of alcoholic beverages (beer and wine) within a vacant approximately 1,780 sq. ft. indoor and 400 sq. ft. outdoor eating and drinking establishment, and live entertainment consisting of a disc jockey, comedy acts, karaoke, and live bands at an existing commercial center site in the Beach and Edinger Corridors Specific Plan zoning designation will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The proposed sales and service of alcoholic beverages is regulated by the provisions of Chapter 9.44 of the Huntington Beach Municipal Code. The proposed live entertainment is regulated by the provisions of Chapter 5.44 of the Huntington Beach Municipal Code and the required Entertainment Permit. As conditioned, the project is required to provide a noise study that shows compliance with the City's Noise Ordinance. The subject request will not result in noise, safety, or compatibility issues. The BECSP and General Plan land use designation anticipated restaurant uses with alcohol service, sale and consumption and live entertainment in this area. The request for alcohol and live entertainment is ancillary to the primary restaurant use and will serve to augment the overall dining experience. Furthermore, the consumption of alcoholic beverages will be wholly contained within the building's interior and designated outdoor dining area and will not generate detrimental impacts onto surrounding properties.
2. The request to permit the on-site sale, service, and consumption of alcoholic beverages (beer and wine) within a vacant approximately 1,780 sq. ft. indoor and 400 sq. ft. outdoor eating and drinking establishment, and live entertainment consisting of a disc jockey, comedy acts, karaoke, and live bands will be compatible with surrounding uses because the project is located within an existing commercial center. The restaurant is surrounded by commercial, office, and restaurant uses and therefore will be consistent with the existing land use pattern and compatible with its surroundings. The use will be required to comply with conditions of approval pertaining to alcohol service and live entertainment to assure that any potential impacts to the surrounding properties are minimized.
3. The request to permit the on-site sale, service, and consumption of alcoholic beverages (beer and wine) within a vacant approximately 1,780 sq. ft. indoor and 400 sq. ft. outdoor eating and drinking establishment, and live entertainment consisting of a disc jockey, comedy acts, karaoke, and live bands will comply with the Neighborhood Center segment of the Beach and Edinger Corridors Specific Plan (BECSP), and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance (HBZSO). The BECSP allows eating and drinking establishments with alcohol service and live entertainment subject to approval of a conditional use permit. The BECSP and General Plan land use designation anticipated restaurant uses with alcohol service, sale and consumption, and live entertainment in this area. The request for alcohol and live entertainment is ancillary to the primary restaurant use and will serve to augment the overall dining experience. There is no physical expansion that includes additional floor area to the existing building as part of this request and the proposed use will comply with all building occupancy/exiting requirements.
4. The granting of the conditional use permit to permit the on-site sale, service, and consumption of alcoholic beverages (beer and wine) within a vacant approximately 1,780 sq. ft. indoor and 400 sq. ft. outdoor eating and drinking establishment, and live entertainment consisting of a disc jockey, comedy acts, karaoke, and live bands is

consistent with the General Plan. The General Plan Land Use Map designation on the subject property is M – sp – d (Mixed Use – Specific Plan Overlay – Design Overlay). The proposed project is consistent with this designation and the policies, objective, and goal of the City's General Plan as follows:

A. Land Use Element

Policy LU 7.1.1 Accommodate existing uses and new development in accordance with the Land Use and Density Schedules.

Objective LU 7.1 Accommodate the development of a balance of land uses that (a) provides for the housing, commercial, employment, cultural, entertainment, and recreation needs of existing and future residents, (b) provides employment opportunities for residents of the City and surrounding sub-region, (c) captures visitor and tourist activity, and (d) provides open space and aesthetic relief from urban development.

Policy – 10.1.8 Require that entertainment, drinking establishments, and other similar uses provide adequate physical and safety measures to prevent negative impacts on adjacent properties.

The proposed project will permit the on-site sale, service, and consumption of alcoholic beverages (beer and wine) within a vacant approximately 1,780 sq. ft. indoor and 400 sq. ft. outdoor eating and drinking establishment, and live entertainment consisting of a disc jockey, comedy acts, karaoke, and live bands within the Beach and Edinger Corridors Special Plan designation that is consistent with the Building Use Regulations and is compatible with the surrounding mix of uses. The proposed conditional use permit will provide for the business needs of a successful restaurant establishment by permitting the sale of alcoholic beverages in a safe manner for customers and residents of the surrounding area.

B. Economic Element

Policy– ED 2.4.3 Encourage the expansion of the range of goods and services provided in Huntington Beach to accommodate the needs of all residents in Huntington Beach and the market place.

Policy – 7.1.1 Accommodate existing uses and new development in accordance with the Land Use and Density Schedules

The project is located along a major corridor of the City that contains existing restaurants, retail, and entertainment uses. The project serves to strengthen the existing business and facilitate continued viability of the center.
